

BENJAMIN MONETTE

LANDSCAPE ARCHITECT / PLA, ASLA, LEED AP

Ben Monette's career has focused primarily on high profile public projects of various scales where he has had the opportunity to work with many world renowned planners, architects and designers. He has lead intense site scale urban design efforts as well as city scale green infrastructure planning. He has had the good fortune to participate in many artist collaborations, the most meaningful of which have generated a unique and invigorating design perspective that informs his work.

In addition to work professionally, Ben is has lectured at the University of North Carolina at Chapel Hill, the University of Pennsylvania, and Philadelphia University. He has been inspired by the community outreach and extension while attending graduate school at NC State and he continues to seek opportunities to teach and volunteer.
