2022 Community Growth and Development Conference

Mobile Workshop: NC State Centennial Campus

Thursday, September 15, 2022

Tour # 1: 12:30 PM to 2 PM; Tour # 2: 2:30 PM to 4 PM

NC State University's Centennial Campus is one of the premier university research parks in the United States. With a three-tier mission of academics, research and public-private partnership, the campus is a bustling hub of world class research and teaching, P3 development, and a dynamic innovative ecosystem. This unique tour of the campus will focus on the emerging Innovation District project, future development plans for Centennial Campus and brief tours of the newest award-winning buildings.

Oval Innovation Hub

North Carolina-based commercial real estate developer Lincoln Harris has been selected by North Carolina State University to lead the master planning and implementation of a new Innovation District at Centennial Campus. The Board of Trustees of the Endowment Fund of NC State University entered into agreements with Lincoln Harris, in partnership with Goldman Sachs Asset Management to transform the approximately 30-acre site into a mixed-use learn/live/work/play environment.

The future development of the District is meant to "expand and supplement the existing innovation ecosystem in support of the university's education, research and statewide outreach mission," the university stated. "This project will also provide ample new amenities to serve the university community and as well as partners on Centennial Campus."
