### Transfer Student Guide

Schedule for Full-Time Students Revised Fall 2024  
Bachelor's of Industrial Design at NCSU

This is a guide for prospective students interested in transferring into the NC State College of Design - Industrial Design program from a NC Community College - Associates in Arts (AA) program. The Bachelor's of Industrial Design requires 8 semesters of studio AFTER transfer which typically takes 4 years of enrollment at NC State, regardless of the number of transfer credits or completion of an associate's degree. The College of Design strongly recommends that you contact the Undergraduate Student Service Coordinator (contact information listed below) after reviewing this document.

*For any questions about your NC Community College courses or programs, please refer to your direct community college advisor at your current institution. This document was created as a guide to help transfer students interested in design.*
